

## The Amazing Benefits of CodeJet's 5 Year Extended Parts Warranty

### Plan Includes:

- Mechanical Breakdowns
- Electrical Failure
- Defects in Workmanship
- All Non-Consumable Parts Covered
- One Time Cost at Time of Purchase

As our industry moves quickly toward assemblies rather than component parts your costs for ongoing operations will sky rocket. If you want to be cost certain about your maintenance and repair parts over an extended period of time, you should consider the CodeJet 5 year extended parts warranty. All your parts are covered except consumables like ink and filters. For a one time cost at purchase you will be cost certain over a period of 5 years.

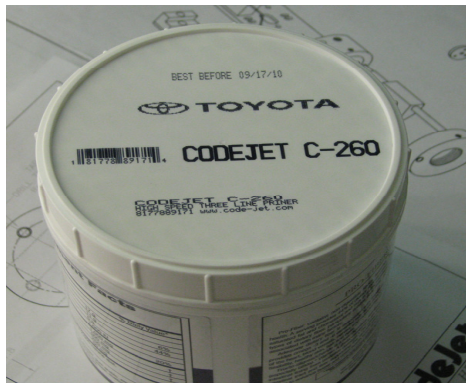

## The Best Value CIJ Printer in the World Is Now Even Better

CodeJet is the market leader in innovative technology, quality equipment, ease of maintenance, and affordable price.

CodeJet is producing the most cost effective CIJ printer on the market. Our mission is to "Exceed Your Expectations" by producing a high speed printer with a robust array of easy to use, technologically advanced features at an affordable price.

Quality is our number one goal at CodeJet. Each machine is hand built in the United States to the specifications of our customer. Once assembled they go through rigorous testing to insure their performance. We stand behind our equipment with a standard two year parts and one year shop labor warranty.

CodeJet looks forward to having you as a long term partner of CodeJet as we provide solutions to your unique coding and marking requirements. It is for this reason we are introducing an optional 5 year parts warranty that is revolutionary in the ink jet industry.
